Please tell your players to arrive 10 minutes prior to your team's picture time dressed in their uniforms. You may need to adjust your practice time that night, but make sure your team is ready when it's your picture time, they will **not** be able to wait if someone is late arriving. If we all keep to the schedule it should go fairly quickly. Tell your parents to make sure that the picture form is filled out and placed in the envelope, with payment, **before** their picture time. There will be extra picture information sheets in the shed. **Also the form and schedule will be on our website.**
